Table 1. Document History

Date	Rev	Revision (Rev) Description	
2025-01-31	A	Update information for Skyline OS software.	
		*	Updated: Purpose for Parts and Accessories Bulletin, Vehicles Affected, Key Messages, Markets Affected and Summary
2024-07-10	-	Initial release	

Purpose for Parts and Accessories Bulletin

To inform dealers on how to enable Subwoofers with Skyline™ OS.

NOTE

Service bulletin M1666 must be completed prior in doing this procedure.

Vehicles Affected

2023 CVO: Street Glide (FLHXSE), Road Glide (FLTRXSE)

2024: Street Glide (FLHX), Road Glide (FLTRX), CVO Street Glide (FLHXSE), CVO Road Glide (FLTRXSE), CVO Road Glide ST (FLTRXSTSE)

2025: Street Glide (FLHX), Street Glide Ultra (FLHXU), Road Glide (FLTRX), CVO Street Glide (FLHXSE), CVO Road Glide (FLTRXSE), CVO Road Glide ST (FLTRXSTSE)

Key Messages

NOTE

If software version is not updated to (1.5.4.0) or greater prior to installation, then the steps laid out below will need to be followed.

Make sure Skyline™ OS has been updated to software version (4125D) or greater and amplifier software (1.5.4.0) prior to installation.

If installed with prior Skyline™ OS software versions (2111 D and 1467D) this may result in a no audio condition.

Make sure both amplifiers are updated to software (version 1.5.4.0).

For vehicles that have been updated to software version (4125D) but the amplifiers are not updated, use the amplifier only software update available on Service Information Portal (SIP).

Markets Affected

All markets affected.

USB Drive Best Practices

For Universal Serial Bus (USB) Drive Best Practices refer to Infotainment Support Resources.

Summary

1. Remove main fuse. See service manual.
2. Install kits:
 - a. Primary Subwoofer Installation Kit (Part No. 76001302)
 - b. Secondary Amplifier Kit (Part No. 76001444)
 - c. Primary Subwoofer Kit (Part No. 76001376)
 - d. If applicable install the following, Secondary Subwoofer Installation Kit (Part No. 69203434) and Secondary Subwoofer Kit (Part No. 76001377).
3. Install main fuse. See service manual.

NOTE

*Physically switching to Accessory mode (**ACC** or **ACCY**) is no longer a selectable feature on Center-Cooled vehicles.*

4. Turn on **Accessory** mode. See owner's manual.

NOTE

- *Make sure Skyline™ OS software version (4125D) or later and Amplifier software version (1540) or later is required for activation.*
- *Make sure software is updated run speaker configuration as expected through sound settings on Skyline™ OS.*
- *Subwoofer Gain after the update will adjust subwoofer output performance.*
- *Subwoofer Detection will also work as intended for optimal speaker performance.*

Questions

Contact Technical Service with any concerns regarding application. Direct all other questions to the Dealer Services Representative.
