

## STAR ONLINE PUBLICATION

**Case Number:** S2523000018

**Release Date:** March 2025

**Symptom/Vehicle Issue:** Power And Manual Hood Release Cable Information.

**Discussion:** The power hood release switch is located near the headlamps button. The manual hood release handle is intended for use only in the event of a power failure. For normal hood releasing, the power switch must be used.

This document does not authorize warranty repairs. This communication documents a record of past experiences. STAR Online does not provide any conclusions about what is wrong with the vehicle. Rather, it captures all previous cases known that appear to be similar or related to the vehicle symptom / condition. You are the expert, and you are responsible for deciding on the appropriate course of action.

**Contact STAR Center, or your Technical Assistance Center Via TechConnect, eCONTACT or Service Library entry if no solution is found.**
