

STAR ONLINE PUBLICATION

Case Number: S2523000019

Release Date: March 2025

Symptom/Vehicle Issue: Hood Release Latch Tripped Closed During Service. How To Reset The Hood Latch.

Discussion: There are 2 different style hood latches. Resetting the latch is the same regardless of the latch design. To release a closed latch (Fig 1) the release lever needs to be actuated 2 times (Fig 2). See the below images.

Fig 1.
Latch In Closed State With Hood Open.
Red Arrow Shows Direction Latch Needs To Rotate To Unlatch.

This document does not authorize warranty repairs. This communication documents a record of past experiences. STAR Online does not provide any conclusions about what is wrong with the vehicle. Rather, it captures all previous cases known that appear to be similar or related to the vehicle symptom / condition. You are the expert, and you are responsible for deciding on the appropriate course of action.
