ATTENTION: ALL DEALER PRINCIPALS

Kia America, Inc., is conducting an important Product Improvement Campaign to install covers onto the 2nd row seat rails in all 2022-2024 MY Kia Carnival vehicles and certain 2025 MY Carnival vehicles manufactured from January 4, 2021 through March 31, 2025.

The subject vehicles are equipped with seat rails on the interior floor of the passenger compartment which allow for the adjustment of the 2nd row seats. Under certain operating conditions in high temperature environments, the 2nd row seat rails may become warm or hot to the touch. A hot seat rail can result in discomfort if an occupant touches the seat rail with their bare skin. Kia has developed covers for the seat rails that reduce the surface temperature of the rails and improve the vehicle occupants' experience.

Dealers will install covers onto the 2nd row seat rails. This Product Improvement Campaign will be performed free of charge at no cost to the customer.

Your Service Manager was sent a copy of the owner notification letter and a Q&A Guide both of which describe the issue and information on how to access the list of affected vehicles. Kia will start mailing notices to the affected vehicle owners beginning on **March 14, 2025**.
