Ciudad, EE. UU. 12345

12345678901234567

El compromiso de Ford Motor Company no es solo fabricar productos confiables y de alta calidad, sino que también lograr la plena satisfacción del cliente. Para demostrar este compromiso, estamos proporcionando un programa de satisfacción del cliente sin cargo para su vehículo.

¿Por qué recibe este aviso?

En su vehículo, equipado con el paquete de manejo Mustang Dark Horse, la banda de rodadura de los neumáticos de verano podrían agrietarse debido a las bajas temperaturas.

¿Cuál es el efecto?

Si el vehículo se conduce a temperaturas frías inferiores a 19 grados Fahrenheit (-7 grados Celsius), las bandas de rodadura de estos neumáticos de verano podrían desarrollar grietas visibles. El vehículo se puede usar de forma segura con esta condición.

¿Qué medidas adoptarán Ford y su concesionario?

Las piezas para reparar su vehículo ya se encuentran disponibles. Para satisfacer a nuestros clientes, Ford Motor Company ha autorizado a su concesionario a inspeccionar los neumáticos de verano y a reemplazarlos si hubiesen grietas evidentes, sin costo alguno, conforme a los términos de este programa.

Este Programa de satisfacción del cliente tendrá vigencia hasta el 19 de marzo de 2026, independientemente del millaje. La cobertura se transferirá automáticamente a los siguientes propietarios.

¿Cuánto tiempo tomará?

El tiempo necesario para esta reparación será menos de medio día. Sin embargo, debido a los requisitos de planificación de servicio, es posible que su concesionario tarde un poco más. Además, se deberá realizar una inspección del vehículo para determinar si se deben solicitar piezas.

¿Qué debe hacer?

Llame a su concesionario lo antes posible para programar una cita de servicio y realizar el Programa de satisfacción del cliente 25B07.

Si aún no tiene un concesionario para realizar el servicio, puede acceder a ford.com/support para conocer las direcciones de los concesionarios, ver mapas y obtener las instrucciones para llegar.

Ford Motor Company le recomienda realizar esta acción de servicio en su vehículo. El propietario del vehículo es responsable de realizar los arreglos para llevar a cabo el trabajo.

NOTA: Puede recibir información sobre las campañas y los programas de satisfacción del cliente a través de la aplicación FordPass. La aplicación se puede descargar a través de App Store o Google Play. Adicionalmente, existen otras funciones como reserva de estacionamientos en determinados lugares, además de control de ciertas funciones en el vehículo (bloqueo o desbloqueo de puertas, arranque remoto) si así está equipado para permitir el control.

Servicio móvil

El servicio móvil de Ford lo ofrecen los concesionarios participantes. Comuníquese con su concesionario para obtener más detalles.

Servicio de retiro y entrega

El servicio complementario de retiro y entrega de vehículos también podría estar disponible previa solicitud a través de los concesionarios que participan. Su concesionario retirará el vehículo y lo regresará con la reparación realizada.

¿Ha pagado anteriormente por esta reparación?

Si usted ha pagado previamente por la reparación que aborda el problema descrito en esta carta, igualmente se le recomienda realizar esta acción de servicio para garantizar que su distribuidor haya utilizado las piezas y los procedimientos correctos.

Si el pago por esta reparación se efectuó antes de la fecha de esta carta, podrá solicitar un reembolso. Solo se proporcionarán reembolsos por servicios relacionados con neumáticos agrietados. Para comprobar si cumple con los requisitos y agilizar el reembolso, entregue el recibo de pago original a su concesionario antes del **19 de marzo de 2026**. Para evitar demoras, no envíe los recibos a Ford Motor Company.

¿Qué pasa si ya no es el propietario del vehículo?

Si ya no es el propietario del vehículo y tiene la dirección del propietario actual, le solicitamos que le reenvíe esta carta.

Este aviso lo recibió porque en nuestros archivos, basados principalmente en datos de registro y propiedad de los EE. UU., aparece como el propietario actual.

¿Podemos hacer algo más por usted?

Si tiene problemas para reparar su vehículo de inmediato y sin costo alguno, comuníquese con el gerente de servicio de su concesionario para solicitar ayuda.

PROPIETARIOS MINORISTAS: Si tiene dudas o preguntas, comuníquese con nuestro **Centro de asistencia de campañas (RAC) Ford al 1-866-436-7332** y uno de nuestros representantes con gusto lo atenderá. Customer Satisfaction Program 25B07

Mr. John Sample
123 Main Street
Anywhere, USA 12345

12345678901234567

At Ford Motor Company, we are committed not only to building high-quality, dependable products but also to building a community of happy, satisfied customers. To demonstrate that commitment, we are providing a no-charge Customer Satisfaction Program for your vehicle.

- Why are you receiving this notice?** On your vehicle, equipped with the Mustang Dark Horse Handling Package, your summer tire tread may potentially crack due to cold temperatures.
- What is the effect?** If the vehicle is driven during cold temperatures less than 19 degrees Fahrenheit (-7 degrees Celsius), the treads of these summer tires may develop visible cracks. You will be able to safely use the vehicle with this condition.
- What will Ford and your dealer do?** **Parts are now available to repair your vehicle.** In the interest of customer satisfaction, Ford Motor Company has authorized your dealer to inspect your summer tires and replace if cracks are evident, free of charge, under the terms of this program.
This Customer Satisfaction Program will be in effect until March 19, 2026, regardless of mileage. Coverage is automatically transferred to subsequent owners.
- How long will it take?** The time needed for this repair is less than one-half day. However, due to service scheduling requirements, your dealer may need your vehicle for a longer period of time. In addition, your vehicle will require an inspection to determine if parts need to be ordered.
- What should you do?** Please call your dealer without delay to schedule a service appointment for Customer Satisfaction Program 25B07.
If you do not already have a servicing dealer, you can access ford.com/support for dealer addresses, maps, and driving instructions.
Ford Motor Company wants you to have this service action completed on your vehicle. The vehicle owner is responsible for making arrangements to have the work completed.

NOTE - You can receive information about Recalls and Customer Satisfaction Programs through our FordPass App. The app can be downloaded through the App Store or Google Play. In addition, there are other features such as reserving parking in certain locations and controlling certain functions on your vehicle (lock or unlock doors, remote start) if it is equipped to allow control.

Mobile Service

Ford Mobile Service is offered by participating dealers. Contact your dealer for details.

Pick-Up and Delivery

Complimentary vehicle Pick-Up & Delivery service may also be available upon request through participating dealers. Your dealer will pick up your vehicle and return it with the repair completed.

Have you previously paid for this repair?

If you have previously paid for a repair that addresses the issue described in this letter, you still need to have this service action performed to ensure the correct parts and procedures were used.

If the previously paid repair was performed before the date of this letter, you may be eligible for a refund. Refunds will only be provided for services related to cracked tires. To verify eligibility and expedite reimbursement, give your paid original receipt to your dealer before **March 19, 2026**. To avoid delays, do not send receipts to Ford Motor Company.

What if you no longer own this vehicle?

If you no longer own this vehicle and have an address for the current owner, please forward this letter to the new owner.

You received this notice because our records, which are based primarily on state registration and title data, indicate that you are the current owner.

Can we assist you further?

If you have difficulties getting your vehicle repaired promptly and without charge, please contact your dealership's Service Manager for assistance.

RETAIL OWNERS: If you have questions or concerns, please contact our **Ford Recall Assistance Center (RAC) at 1-866-436-7332** and one of our representatives will be happy to assist you. Thank you for your attention to this important matter.

CERTAIN 2024-2025 MODEL YEAR MUSTANG VEHICLES EQUIPPED WITH A DARK HORSE HANDLING PACKAGE AND SUMMER TIRES — SUMMER TIRE INSPECTION

IMPORTANT! The Service Technician Specialty Training (STST) Competency 10 certification requirement in the U.S. market only will be enforced starting with repair orders opened on or after August 31, 2024. Field Service Action (FSA) repairs will reject and the claim will not be paid if the repairing technician is not certified in STST Competency 10 FSA. See Electronic Field Communication (EFC)15936 for more details.

SERVICE PROCEDURE

1. Raise the vehicle on a hoist following Workshop Manual (WSM) procedures in Section 100-02.
2. Inspect the tread of all four tires for cracking. See Figures 1-5.

FIGURE 1

FIGURE 2

FIGURE 3

FIGURE 4

FIGURE 5

3. Do any of the tire treads show signs of cracking?

- Yes - Does not pass Inspection, continue to Step 4.
- No - Passes Inspection, this FSA is complete.

Ford has requested photo evidence prior to performing the repair for the FSA.

The Special Service Support Center (SSSC) must provide approval prior to performing the repair.

4. Contact the SSSC and upload the necessary photo(s) or copy of documentation(s) as an attachment for review.

- Attach photo of vehicle mileage.
- Attach photo of door tag showing the Vehicle Identification Number (VIN).
- Attach photos of all cracked tires.

5. There are two ways to submit the requested items to SSSC.

- Directly in the SSSC contact request form while submitting your contact on your desktop.
- Via PTS Mobile under the Images/Files Upload menu selection. Select SSSC in the sub-menu and ensure your P&A code is correct. Upload the item(s) by selecting the appropriate FSA with the option to use a prior contact ID. The item(s) will be associated with your SSSC contact during submission.

NOTE: If you have not submitted an SSSC contact yet, then you can still upload the item(s) via PTS mobile, and the item(s) will be available when opening your SSSC contact for this VIN and recall.

6. SSSC will provide approval via web contact. No approval code required.

7. Replace all four tires.

Using Summer Tires: Summer tires provide superior performance on wet and dry roads. Summer tires do not have the Mud and Snow (M+S or M/S) tire traction rating on the tire side wall. Since summer tires do not have the same traction performance as All-season or Snow tires, we do not recommend using summer tires when temperatures drop to about 45 °F (7 °C) or below, depending on tire wear and environmental conditions, or in snow and ice conditions. Like any tire, summer tire performance is affected by tire wear and environmental conditions. If you must drive in those conditions, we recommend using Mud and Snow (M+S, M/S), All-season or Snow tires.

Always store your summer tires indoors at temperatures above 19 °F (-7 °C). The rubber compounds used in these tires lose flexibility and may develop surface cracks in the tread area at temperatures below 19 °F (-7 °C). If the tires have been subjected to 19 °F (-7 °C) or less, warm them in a heated space to at least 41 °F (5 °C) for at least 24 hours before installing them on a vehicle, or moving the vehicle with the tires installed, or checking tire inflation. Always inspect the tires after storage periods and before use.

IMPORTANT NOTE: Federal law prohibits selling motor vehicle parts or components that are under safety, compliance, or emissions recall. Unless a part is requested to be returned to Ford, all parts replaced under this FSA must be scrapped in accordance with all applicable local, state and federal environmental protection and hazardous material regulations. Refer to the Parts Retention, Return, & Scrapping section of the FSA dealer bulletin for further information.

PARTS RETENTION, RETURN, & SCRAPPING

Follow the provisions of the Warranty and Policy Manual, Section 1 - WARRANTY PARTS RETENTION AND RETURN POLICIES. If a replaced part receives a scrap disposition, the part must be scrapped by all applicable local, state, and federal environmental protection and hazardous material regulations. Federal law prohibits selling motor vehicle parts or components that are under safety, compliance, or emissions recall.

EXCESS STOCK RETURN

The excess stock returned for credit must have been purchased from Ford Customer Service Division by Policy Procedure Bulletin 4000.

REPLACED FSA PARTS INSPECTION AND SIGN OFF

Effective March 1st, 2021, all parts replaced as part of an FSA repair with a repair order open date of March 1st, 2021, or later must be inspected and signed off on the repair order by a member of your dealer's fixed operations management team or an employee the task has been delegated to. If the task is to be delegated to a non-management employee, the employee needs to be someone other than the technician who completed the repair and needs to understand the importance of completing this task consistently and accurately.

- All parts replaced as part of an FSA repair should be returned to the parts department following the Warranty Parts Retention and Return Policies.
- Inspect the replaced parts to verify the FSA repair was completed.
- If the FSA repair is found to be complete, the designated employee signs the repair order line or parts return stamp area (electronic or hand signed) for the FSA repair indicating the parts were inspected and validated to have been replaced.
- After the parts have been inspected, they should be handled based on the guidance in the parts status report in the Online Warranty System (Hold, Return, CORE, Scrap, etc.). Please visit FMCDEALER > PARTS & SERVICE > WARRANTY ADMINISTRATION & WARRANTY PARTS RETURN for the latest [Immediate Scrap List](#) information.
- This process is subject to review during warranty audits for FSA repairs with a repair order open date of March 1st, 2021, or later. Any eligible FSA claims requiring parts replacement found not to have been inspected and signed off during a warranty audit will be subject to chargeback and consideration for enrollment into the Dealer Incomplete Recall Repair Process.

Note: Other approvals (electronic or handwritten) for add-on repair lines, dealer-owned vehicle repairs, and repeat repairs do not qualify as FSA parts inspection approvals. The post-repair FSA parts inspection process (electronic or handwritten) is independent of other warranty approval requirements. The approval by the designated employee implies that the FSA parts were found to be replaced and must be able to be identified on the Repair Order. If multiple FSAs require approval on a single Repair Order, each applicable occurrence will require individual post-repair approval by the designated employee.
