Special tool (P/N 900029716) for inserting oil seals into the gearbox

DATE: March 19, 2025

This Technical bulletin provides info for a new oil seal installation tool kit.

SECTION: 03.10 - 1 Gearbox Housing

MODELS: M156 Quattroporte, M157 Ghibli M161 Levante, M182 Grecale (All MY).

Maserati has introduced a new kit of special tools needed to service all the gearboxes ZF-8HP installed on all Quattroporte, Ghibli, Levante and Grecale.

The kit contains two tools needed for both the front and rear oil seals replacement in the gearbox.

Please use this kit when inserting a new seal to avoid possible damage during replacement

The kit is composed as follows:

You will find all references on how to correctly use the tools in the procedures in section 03.10 – GEARBOX HOUSING in TechDoc.

This document replaces MAS002153.

Thank you for your kind attention.
