

ALL NEW TIGER SPORT 800 – WHEEL COLOR MATCH

Triumph has received questions around the color match of the front & rear wheels on the all-new Tiger Sport 800.

The rear wheel is gloss black, while the front has a satin dark grey finish – this variation supports the intended styling design of the Tiger Sport.

The difference is designed to be subtle and a unique styling characteristic specific to the model.

Below are photos so you can easily identify the difference from front to rear on your showroom floor.

Lighting conditions can further affect its appearance.

Front:

Rear:

The styling adds to the unique character of the Tiger sport 800. Please highlight this to any of your customers.

This is not a defect and warranty claims for this will not be accepted.

If you have any additional questions, please contact Triumph Customer Support at (888) 284-6288.
