Involved Region or Country	Africa Asia/Pacific Europe International Fleet Sales Israel Japan Mid-East North America South America Thailand
Condition	Debris found on top of the valve body assembly in the shipping box when opened.
Cause	Service Valve Body assemblies may have been shipped without the plastic bag.

Correction:

* Use a vacuum to remove the debris, any valve body assembly port that the debris may have gotten into are exhaust ports, ok to use the valve body assembly after cleaning.

* Avoid using compressed air or solvents to remove the shipping debris as this may force debris into the valve body.

** This P/I will be deleted when all service valve body assemblies are no longer in stock as the update has been completed. **
