

# RCA-86-25-001-1: Replace Secondary Driver Assistance Module, R1T

Rivian is initiating a customer satisfaction campaign for some model year 2022 R1T vehicles that were built with early revisions of the secondary driver assistance module that are susceptible to early failure. This results in multiple telltales being displayed to the driver and limited performance of the vehicle. Rivian will replace the module with an updated version. Rivian is launching this campaign for customer satisfaction and to ensure the quality of Rivian vehicles.

<b>Document Type</b>	Customer Satisfaction Campaign Bulletin
<b>Date</b>	March 5, 2025
<b>Affected Region(s)</b>	USA
<b>Affected Model(s)</b>	R1T
<b>Model Year(s)</b>	2022
<b>Approximate Build Dates</b>   Refer to <b>Open Containments</b> in ServiceOS to determine if this document applies to a specific vehicle.	August 2021-March 2022
<b>Vehicle System</b>	86 - Driver Assistance
<b>Minimum Service Location</b>	Service Center

## Required Parts

Part Number	Quantity	Engineering Name	Service Name/Notes
PT00000036-M	1	MODULE - ECU; ADAS; ASM	Module, Driver Assistance, Secondary

 **Attention:** The parts listed in this table are only for unique steps that are called out in this bulletin. Some sections of this bulletin might refer to Service Manual procedures which require additional parts. Always review the bulletin and all potentially related Service Manual procedures before ordering parts and beginning work.

## Procedure

1. Replace: Module, Driver Assistance, Secondary (refer to service manual procedure 863215010).
2. Reinstall all components that were removed for access and replace all non-reusable components. Refer to the service manual procedures referenced in this document for additional component reusability information and torque specifications.

## Labor Codes

Labor Code	Description
RCA862500100	RCA-86-25-001 not applicable
RCA862500101	Replace secondary driver assistance module
