GENERAL BULLETIN GB2025001 INSPECTION REMINDER

| | |
|------------------|--|
| Subject: | Inspection Reminder |
| Attn: | IMT Distributors and Equipment End Users |
| From: | IMT Sales Team |
| Date: | March 13, 2025 |
| Affected Models: | All IMT products |

Why are you receiving this bulletin? IMT is committed to ensuring the reliable and consistent performance of our products for our customers. This is a reminder to conduct regular inspections as outlined in our Operator's manual for your equipment.

What should you do? Refer to the Pre-operation Inspection section of your equipment's product manual and adhere to the specified inspection schedule. These guidelines are based on recommendations from ANSI B30.5. Performing daily inspections prior to use each day is the most effective way to ensure the equipment performs as designed. This should be combined with a planned schedule for monthly, quarterly, and annual inspections.

Do you have questions? If you have any questions or need additional assistance, please contact IMT Technical Support at 1-800-554-4421 or 641-923-4633.
