

Bulletin No.: PIC6600
Published date: 04/4/2025

Preliminary Information

PIC6600 Diagnostic Tip: Information on Headlamp - DRL - and Turn Signal Location

Models

Brand:	Model:	Model Years:	VIN:	Engine:	Transmissions:
		from	to		
Chevrolet Trax		2024 - 2025	All	All All	All

Involved Region or Country	North America
Additional options (RPO)	T3W T7E
Condition	Customers may comment that certain lights on the front of their vehicle do not the look or function the same as a like vehicle. Technicians may not be aware of the functions of each lamp inside the headlamp assemblies.
Cause	Lack of Service Information

Correction:

This information will help customers and technicians understand the headlamp operation and location of the headlamp, daytime running light (DRL), and turn signal for both the base and uplevel trim levels.

T3W is standard for LS trim and T7E is standard for all other trim.

T7E - Dedicated DRL lamp with LED

T3W - Low beam is used for DRL function at a reduced intensity.

T3W

- 1. **Turn Signal + Park Lamp**
- 2. **Headlamps + DRL**
- 3. **Not Applicable**

T7E

- DRL**
- Headlamps**
- Turn Signal**

Note: Engineering is currently investigating Service Information improvement
