Symptom/Vehicle Issue: Cluster Off-Road Pages Have A Delay In Updating Graphics And Data

Discussion: While in the clusters Off-Road Pages there may be a delay in updating the clusters 3D graphics and other display information including the speedometer, tachometer and the PRNDL data.

This is a known issue with the current cluster software. Engineering is working on a software update to remedy, tentative release is late Q3 2025.

DO NOT Replace the cluster for this concern. Replacement clusters will have the same software and be subject to the same condition.

This document does not authorize warranty repairs. This communication documents a record of past experiences. STAR Online does not provide any conclusions about what is wrong with the vehicle. Rather, it captures all previous cases known that appear to be similar or related to the vehicle symptom / condition. You are the expert, and you are responsible for deciding on the appropriate course of action.

Contact STAR Center, or your Technical Assistance Center Via TechConnect, eCONTACT or Service Library entry if no solution is found.
