Cause

For vehicles with HERMES 3.0,

- A2389015700
- A2389015800
- A2389018400
- A2389018900
- A2389019000
- A2389019800
- A2579011200

XENTRY Tips

- A2579012100

the above-mentioned message is sporadically displayed in the instrument cluster once the over-the-air update to software release E843 (Software part number A2389022409) has been performed.

The coding was performed incompletely here.

Remedy

A relevant over-the-air software update campaign for the control unit N112/9 (HERMES) is in preparation.

If the vehicle is already on site, the problem can be rectified by manually commissioning the control unit N112/9 (HERMES) with XENTRY:

XENTRY→ "N112/9 - Control unit for telematics services (HERMES)" -> "Adaptations" -> "Control unit commissioning" -> "Commissioning of previously installed control unit"
