

Kia America, Inc.

Software Update for V2X Enhancement

EV9 | April 30 2025

This Over-the-Air (OTA) software update is designed to update the Vehicle Charging Management System (VCMS), Vehicle Control Unit (VCU), Rear Motor Control Unit (R_MCU), and Battery Management Unit (BMU) logic of certain 2024 and 2025 EV9 vehicles. This update is designed to enable your vehicle to be Vehicle to Everything (V2X) ready. V2X provides the ability to use your vehicle as an energy storage system for properly equipped homes. A compatible bi-directional charger (sold separately) is required. After activating the V2X feature in the Kia Connect Store, V2X can be used by connecting to a compatible bi-directional charger (sold separately). For more information about V2X, its benefits, and availability, please refer to the Kia Owner’s website.

1.	Vehicle Model	2024 and 2025 EV9 (produced between 09/25/2023 – 10/14/2024)
2.	Time Required	OTA Update (in-vehicle): 19 minutes approx. Once this software is downloaded by the vehicle, and the vehicle is powered off, a pop-up will be displayed on the infotainment screen.

Additional information: This OTA will be rolled-out to all eligible EV9 vehicles with an active Kia Connect account.

If you have any questions, please contact the Kia Connect Call Center (844) 886-9411.

Reference TSB ELE380.
