ATTENTION: ALL DEALER PRINCIPALS

Kia America, Inc. is conducting a Voluntary Service Campaign to inspect and, if necessary, replace the right-hand 2nd-row seat cushion wire harness on certain 2024-2025 MY Sorento X-Line Prestige AWD and X-Pro SX Prestige AWD vehicles equipped with heated 2nd-row Captain's Chairs, manufactured from December 7, 2023 through January 29, 2025. Dealers will also reroute the wiring harness and install additional protective covering to prevent damage to the wiring.

If sufficient weight is applied to the bottom seat cushion of the right-hand 2nd-row Captain seat, the seat cushion wiring harness may come into contact with a bracket located under the seat. Contact with this bracket over time may result in damage to the wiring harness. If a passenger enters the vehicle and sits in the right-hand 2nd-row Captain seat with a damaged wiring harness, inadvertent activation of the "walk-in seat" feature may occur, or the right-hand 2nd-row seat belt reminder indicator and chime may continuously activate even if the seat belt is buckled.

Dealers will inspect the right-hand 2nd-row seat cushion wiring harness for damage and, if necessary, replace the wiring harness. In addition, dealers will reroute the wiring harness and install additional protective covering to prevent damage to the wiring. This campaign will be performed free of charge at no cost to the customer. Vehicle owners should also reference their Owner's Manual (Sections 3-13 and 3-14) for instructions on how to use the strap, located beneath the 2nd-row seatback, to access or exit the 3rd-row in the event the walk-in seat feature becomes inoperable.

Your Service Manager was sent a copy of the owner notification letter and a Q&A Guide both of which describe the issue and information on how to access the list of affected vehicles. Kia will start mailing notices to the affected vehicle owners beginning on **May 2, 2025**.
