93 PSS: Warning message: "Electrical system: fault. Please contact workshop" (e-tron GT)

Release date: Apr 10, 2025

Condition

REVISION HISTORY		
Revision	Date	Purpose
3	-	Revised <i>Service</i> (Updated Solution ETA)
2	12/12/2024	Revised <i>Service</i> (Updated Solution ETA)
1	10/22/2024	Initial publication

This bulletin applies to MY24-25 e-tron GT vehicles only.

Customer states:

After switching on the ignition (terminal 15), a yellow warning lamp appears in the instrument cluster with the message: "Electrical system: fault. Please contact workshop". The vehicle cannot be driven in this condition. After switching the ignition off and on, the message is no longer shown, and the vehicle can be driven again without any restrictions.

Workshop findings:

No relevant DTCs are stored.

Technical Background

Certain usage behavior of the customer can lead to a (temporary) restriction to the function in a specific use case.

Production Solution

Improved software planned in production Q3/2025.

Service

1. Explain to the customer that a solution is expected to be available by the end of the 2nd quarter of 2025 (subject to change) and that no repairs are necessary at this point.
2. Do not replace any components for this condition since this will not resolve the customer's concern.
3. Create a PSS record in the PSS application through the Pending Service Solutions (PSS) link in AccessAudi (under *Related Links >> Service*).

Warranty

This TSB is informational only and not applicable to any Audi Warranty.

Additional Information

All part and service references provided in this TSB (**2075720**) are subject to change and/or removal. Always check with your Parts Department and/or ETKA for the latest information and parts bulletins. Please check the Repair Manual for fasteners, bolts, nuts, and screws that require replacement during the repair.
