

McLaren Speedtail – Coolant Replacement

Bulletin type:	Service Campaign
Reference number:	N/A
Campaign reference:	SCB 23 L 001
Attention:	Retailer Aftersales Managers, Retailer Service Managers, Retailer Service Advisors, Retailer Technicians
Affected vehicles:	McLaren Speedtail
Situation:	Replacement of the current G48 coolant for G64 coolant.
Procedure:	Proactively invite customers using the attached letter. Action affected vehicles on first opportunity (immediately if already on site or during next Retailer visit if not already on site). Please refer to the information outlined in this document to complete the required work.
Date:	02 April 2025

This bulletin will cover:

-
1. Overview
 2. Parts Information
 3. Procedure
 4. Warranty Information
 5. Affected Vehicles
-

1. Overview

Through continuous product quality monitoring, it has been identified that certain McLaren Speedtail vehicles are stored for long periods of time. During long standing periods, there is a possibility for the current coolant (type G48) to separate, creating a build-up in the high temperature radiator, which could lead to reliability concerns.

Care Point: Please note that the customer letter does not signify a recall. However, we strongly encourage Retailers to issue the letters to their customers as soon as possible to promote a timely completion of this action.

2. Parts Information

The below parts are required to action this Campaign to update the vehicle with G64 coolant. All parts below are available to order as normal via Unidial 2.

Part Number	Part Description	Quantity
16LA758CP	XSTREAM G64 PREMIXED COOLANT 5LTR	x6

All orders should be placed as usual on Unidial 2, for any parts queries please contact our Parts Customer Service Team:

EMEA – mclarencustomerservice@unipart.com

APACHI – mclarencustomerserviceap@unipart.com

AMERICAS – mclarencustomerservicena@unipart.com

To support timely completion of Campaigns, please plan your parts ordering in line with your impacted Vehicle Parc.

Sufficient inventory in your facility to complete your vehicle Campaigns will build customer trust and promotes customer satisfaction. In turn, we are doing everything possible to best support you with the right stock in our central facilities so we can ship your orders quickly.

3. Procedure

Care Point: Only technicians who have completed the McLaren Speedtail Training are allowed to work on the vehicle.

To carry out the required work for this Service Campaign to update the vehicle with G64 coolant, follow the McLaren Service Portal (MSP) D031241 “Drain and Fill Coolant/Antifreeze” instruction.

Care Point: Follow all the steps of the MSP procedure to ensure that the old coolant is fully drained.

4. Warranty Information

Submit a claim to the McLaren Warranty department following completion of the work, using the following details.

Description	Repair Time
McLaren Speedtail – Coolant Replacement	3.10 hrs

5. Affected Vehicles

Affected vehicles will be flagged in the Retailer Portal when next opening a Workshop Visit related to the vehicle. Your Regional Aftersales Manager will also contact you with a VIN list of affected vehicles.

If you have any questions, please speak to your Regional Aftersales Manager.

The information contained in McLaren bulletins is for internal use only by McLaren Authorised Retailers and must not be published on external websites or social media forums etc.

The McLaren data classification policy applies to all full time, part-time and fixed term employees of McLaren and all workers including, contractors, consultants, suppliers, and third parties who have access to McLaren data and/or systems. This policy includes all information held by, or on behalf of, McLaren in any form and all information systems/services used by, or used to store data belonging to, McLaren.

Part numbers listed in McLaren bulletins are for reference only. Always check with the parts department to verify the latest part numbers.

All bulletins (Information/Campaign/Recall) issued by McLaren Automotive Limited ("McLaren") are intended only for use by technicians who have attended McLaren technical training courses. McLaren trained technicians have the equipment, tools, safety instructions and the know how to perform the job properly and safely. McLaren bulletins are written to inform McLaren technicians of conditions that may occur on some McLaren vehicles, or to provide information that could assist diagnosing a McLaren vehicle. Part numbers listed in McLaren bulletins are for reference only. Always check with the parts department to verify the latest part numbers.
