

## Various Fault Memory Entries Regarding Refrigerant Pressure Sensors (22 / 25)

Model Line: **911 (992)**  
**Taycan (Y1A / Y1B / Y1C)**  
**Panamera E-Hybrid (971)**  
**Panamera E-Hybrid (YAA / YAB)**  
**Macan (XAB)**  
**Cayenne E-Hybrid (9YA / 9YB)**

Model Year: **As of 2017**

Concerns: **Refrigerant circuit pressure sensor**

Cause: **During a workshop stop, one or more of the below-listed fault memory entries for the vehicle's refrigerant pressure sensors are detected.**

Refrigerant pressure sensor PT1:

- **P053100** - Refrigerant circuit sensor 1 implausible signal (0x00D6D8)
- **P0EBF00** - Refrigerant temperature sensor 1 of the air-conditioning system implausible signal (0x00D6DE)
- **P0EBF00** - Refrigerant temperature sensor 1 of the air-conditioning system implausible signal (0x00D6ED)

Refrigerant pressure sensor PT2:

- **P251600** - Refrigerant circuit sensor 2 implausible signal (0x00D6D9)
- **P0EC400** - Refrigerant temperature sensor 2 implausible signal (0x00D6DF)
- **P0EC400** - Refrigerant temperature sensor 2 implausible signal (0x00D6EE)

Refrigerant pressure sensor PT3:

- **P1C5E00** - Sensor 3 for refrigerant pressure and refrigerant temperature implausible signal (0x00D6DA)
- **P1C5E00** - Sensor 3 for refrigerant pressure and refrigerant temperature implausible signal (0x00D6E0)
- **P1C5E00** - Sensor 3 for refrigerant pressure and refrigerant temperature implausible signal (0x00D6EF)

Action: The above-mentioned fault memory entries could be set unjustifiably if refrigerant pressure sensors with the part identifier 4M0959603J are installed on the affected vehicle.

For a vehicle with the specified fault memory entries set, review the part identification of the refrigerant pressure sensors.

If this corresponds to index J, the fault memory entries can be ignored and deleted.

Refrigerant  
Pressure Sensor  
Part Identifier:

**Part No.**

PAB959603B

**Corresponds to the following  
part identifier on the  
component**

4M0959603J

**Designation**

Air-conditioning system pressure  
sensor

*Pressure sensor part identifier*

**Important Notice:** Technical Bulletins issued by Porsche Cars North America, Inc. are intended only for use by professional automotive technicians who have attended Porsche service training courses. They are written to inform those technicians of conditions that may occur on some Porsche vehicles, or to provide information that could assist in the proper servicing of a vehicle. Porsche special tools may be necessary in order to perform certain operations identified in these bulletins. Use of tools and procedures other than those Porsche recommends in these bulletins may be detrimental to the safe operation of your vehicle, and may endanger the people working on it. Properly trained Porsche technicians have the equipment, tools, safety instructions, and know-how to do the job properly and safely. Part numbers listed in these bulletins are for reference only. The work procedures updated electronically in the Porsche PIWIS diagnostic and testing device take precedence and, in the event of a discrepancy, the work procedures in the PIWIS Tester are the ones that must be followed.
