MASTERS OF CARE

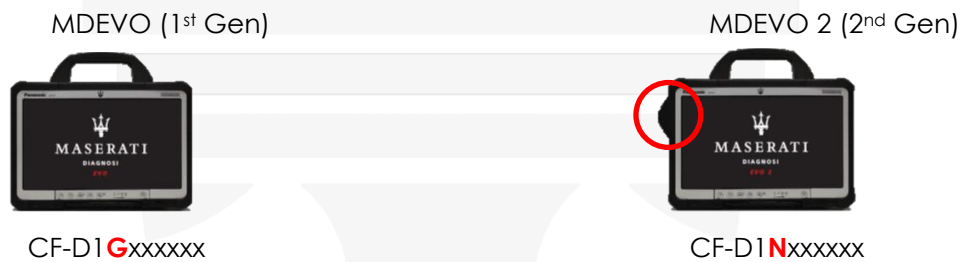

End Of 2nd Gen EVO Warranty Exchange

DATE: May 1, 2025

After 7 years from the introduction of the Maserati Diagnosi EVO 2 (2nd generation), we inform you that Panasonic can no longer guarantee the repair of the hardware, therefore the swap service (Warranty repair/replacement exchange) may be discontinued during 2025 following the exhaustion of replacement components in stock.

The 2nd generation of MDEVO can be identified by the serial number:

Swap Service Ended Feb 19, 2023 (MAS003928)

All the MDEVO units will remain fully functional on all the Maserati models, updated by the software distribution, and supported by the Maserati Diagnosi Helpdesk.

The MDEVO 3 will continue to be covered by the swap service. Please review MAS003792 MCL 24-05 MDEVO3 Diagnostic Tool (Or newer) for further information regarding the swap service.

Please do not hesitate to contact us for any questions you may have.
Kind regards,
