**Service Action N815 - Near Field Sensing Module (NFSM) Wired Updates**

**Vehicles Affected: Land Rover Defender, Discovery, Discovery Sport, Range Rover, Range Rover Evoque, Range Rover Sport, Range Rover Velar**

**Model Year: 2020-2023**

**Dear Land Rover Owner:**

Jaguar Land Rover North America, LLC is conducting a no-charge Customer Satisfaction Program (Program Code **N815**) for owners of certain vehicles listed above.

**What is the issue?**

Certain 2020 to 2023 Land Rover Range Rover and Range Rover Sport vehicles where the reversing camera will display a poor image or no image at all as a result of water ingress into the camera housing/bezel. In an intermittent or failed state the rear camera image display does not meet the requirements of FMVSS No. 111, Rear Visibility., require a software update to the Near Field Sensing Module (NFSM). This software update will improve the operation of the 3D camera, parking features, tow assist system and wade sensing. Your vehicle may be equipped with one or more of these features. It will also enable your vehicle to receive future Software Over-The-Air (SOTA) updates to other modules, providing the latest features, software stability and enhancements.

Your vehicle is affected by this program.

**What will Land Rover and your authorized Land Rover retailer do?**

An authorized Land Rover retailer will update the NFSM software on your vehicle. There will be no charge for this repair under this program.

**What should you do?**

Please contact your preferred authorized Land Rover retailer, provide them with your Vehicle Identification Number (VIN) and schedule an appointment to complete the work required under Program code '**N815**'.

During this visit, please take the opportunity to discuss any aspect of your vehicle's operation or performance with the Retailer team who will be pleased to assist you with any questions you may have regarding your vehicle in order for you to get the most out of its advanced features.

**How long will it take?**

The work will be carried out as quickly and efficiently as possible in order to minimize inconvenience to customers and is expected to take up to approximately one (1) hour, although your retailer may need your vehicle for a longer time. Your retailer can provide you with a better estimate of the overall time for the service visit.

**Attention Leasing Agencies:** please forward this notification to the lessee within ten (10) days.

**What if I have previously paid for this repair?**

If you have already paid for this concern before the date of this letter, Land Rover is offering a refund. To qualify for a refund, please provide your authorized Land Rover retailer with the original paid receipt.

To avoid delays, please do not send the receipt to Jaguar Land Rover North America, LLC.

**Moved or no longer own this Land Rover vehicle?**

If you are no longer the owner of this vehicle, Land Rover would appreciate the name and address of the new owner, using the return postage-paid card enclosed.

**What should you do if you have further questions?**

If you have any questions regarding this Program, please contact the Service Manager at your authorized Land Rover retailer for assistance. If you have any queries or concerns that your local retailer cannot address, please contact the Land Rover Customer Relationship Centre at **1-800-637-6827, Option 9**, and one of our representatives will be happy to assist you.
