Background

American Honda Motor Co., Inc. (AHM) is searching for certain 2024-2025 Accords and HR-Vs with a customer complaint of the A/C blowing warm air and the technician finding the A/C compressor has seized. To better understand the cause of this condition, AHM would like to inspect the vehicle prior to you attempting a repair of any kind.

Qualifiers

AHM is interested ONLY if the vehicle meets the following requirements:

1. Dealer must confirm A/C is INOP due to seized compressor.
2. Dealer must confirm there are no leaks in the HVAC system using a leak detector (sniffer).
3. No prior HVAC repair including A/C refrigerant evacuation, recharge or replacement of HVAC components.
4. No repair attempts during this visit.
5. No history of collisions.

Action Required

If a vehicle matching the qualifiers above comes into your dealership, please e-mail Technical Information & Support (TIS) at tis@ahm.honda.com or call us at 800-880-1072 (Monday-Friday, 7am-5pm PST). TIS will contact you to record certain vehicle information and provide you with further instructions.
