Re: Warranty Extension: 2013-2017 Multi-Model VCM Misfire

Today, June 17, 2025, American Honda is announcing a warranty extension for certain 2013-2015 Pilot and 2013-2017 Odyssey vehicles. Piston ring effectiveness may be reduced due to excessive wear and oil sludge build-up, which can cause oil to adhere to the spark plug, potentially leading to carbon fouling and misfire triggering DTCs P0301 through P0304 and cause the MIL to come on.

American Honda is extending the powertrain warranty to cover repairs related to engine misfire (that triggers DTCs P0301 thru P0304) to 10 years from the original date of purchase or 150,000 miles, whichever comes first.

To further ensure customer satisfaction and confidence, any affected vehicles from now until January 31, 2026 will be covered regardless of time in service or mileage.

REPAIR

Follow the diagnostic steps outlined in the Service Bulletins below to determine if the vehicle qualifies for this repair and for further repair instructions.

SOFTWARE

The PCM software update will be available at launch.

PARTS

Parts will be available for normal ordering at launch.

TOOLS

Groove Cleaners and Cylinder Inspection tools have been sent to the service managers at dealerships.

SERVICE BULLETIN

The following Service Bulletins have posted to the Service Information System (SIS) as of June 17, 2025. They include inspection, software, repair, parts, tools, and warranty information related to these campaigns:

- 25-061, *Warranty Extension: 2013-16 Odyssey MIL Comes on with DTCs P0301 thru P0304 (6 months)*
- 25-060, *Warranty Extension: 2013-15 Pilot MIL Comes on with DTCs P0301 thru P0304 (6 months)*

CUSTOMER NOTIFICATION

American Honda expects to begin customer notification by the end of July 2025.

INTERACTIVE NETWORK

As always, perform an iN VIN status inquiry for all vehicles passing through your dealership to determine eligibility for any open campaigns.
