

## TRACTION REDUCED TWO-WHEEL DRIVE WARNING MESSAGE- P1889-18

### Customer Voice:

- When selecting low range or off-road driving mode, customers may experience the following warning message displayed on the instrument panel 'Traction Reduced - 2 Wheel Drive Only'.

### Technical Description:

- Diagnostic Trouble Code (DTC) P1889-18 and sometimes paired with P2787-4B in the Transfer Case Control Module (TCCM).

### Status:

- There are oil pressure discrepancies within some transfer cases.
- Please take a photo of the transfer case serial number (printed on the white label or on transfer case).
- Please raise a TA after diagnostics steps have been performed and before replacing the component for evaluation.
- Include a reference to SSM76315, PTS\_800 and P395176.

SSM 76315
