

SSM 54016 2021-2025 Bronco, 2024-2025 Ranger - 2.7L/3.0L EcoBoost - Engine Front Cover Removal Procedure Update

Some 2021-2025 Bronco and 2024-2025 Ranger vehicles equipped with a 2.7L/3.0L EcoBoost engine may require removal of the engine front cover due to various concerns. Workshop Manual, Section 303-01 has been updated with improved engine front cover removal and installation service procedure steps including a new body removal and install step.
