Technical Journal 36923.6.0

SERVICE:

If the coolant pump has a small sign of dry green/white coolant mix **but no other symptoms** (e.g., warning message(s), visible coolant leakage under the vehicle, etc.), this is considered OK, do not replace any parts.

* Sealing improvements have been made to PN 32382367 and 32382368, but the part numbers are unchanged. To assist with identification of improved parts, a marking has been added to the parts: an "X," as shown in the attached document *TJ_36923_1.pdf*.

* If you receive a replacement pump that does not have the "X" marking, please return it and order a replacement.

Warranty claim info:

Information only. No warranty claim is accepted for this TJ.

Concerned Part No: 32252604; 32252284; 32382367; 32382368.

VEHICLE REPORT:

Yes, please submit a Vehicle Report if the service solution described in this TJ has no effect. Use concern area "Vehicle Report" and sub concern area "Support needed", use function group 2621.
