

ADDRESSEES	: Owners and operators ABC Customer Care and parts Source
VEHICLE MODEL	: TD925 and TDX25
MANUAL CHAPTER	: 07.06 Steering system – Front axle steering
BULLETIN TYPE	: Service information
DATE	: July 11 th , 2025
SUBJECT	: Introduction of new components in front axle steering system
TERMS AND CONDITIONS	: This service bulletin does not entitle to any reimbursement.

INTRODUCTION

The purpose of this service bulletin is to inform you that VDL Van Hool will switch over to other components for the front axle steering system. This switch-over will be cut into production as from units 89249 (TDX25 Diesel) and 89558 (TDX25 E). Previous references may be used further, but for future orders only the new components will be supplied.

INFORMATION HANDLING

Important supplements to and modifications of technical information not yet included in the manual, are communicated by means of service Bulletins.

VDL VAN HOOL CUSTOMER PORTAL

Consult the customer portal regularly for the latest service documentation. In addition to the maintenance manual, you will also find the operating manual and the spare parts catalogue of your vehicle on the customer portal. The customer portal is accessible through www.vdlvanhool.com/My VDL Van Hool, and only with a code (password) from VDL Van Hool. If you do not have a password yet, request it by using the link on the VDL Van Hool website.
