Repair Available – UPDATE 931D / Software Update for High-Voltage Battery Diagnostic Software

This notice is for: All Dealer Personnel

Date: July 14, 2025

Issue: As part of our quality assurance process, we have developed software for diagnosing and monitoring the high-voltage battery; this software is now available. Potential irregularities in the high-voltage battery are therefore detected and are indicated by a warning lamp in the instrument cluster.

Affected Vehicles:

Country	Beginning Model Year	Ending Model Year	Vehicle	Vehicle Count
USA	2023	2024	E-TRON GT	2,039
USA	2023	2024	RS E-TRON GT	1,196
CAN	2024	2024	E-TRON GT	40
CAN	2024	2024	RS E-TRON GT	2

**Counts reflect overall population; some vehicles may have already been repaired. Check Campaigns/Actions screen in ELSA on the day of repair to verify that a VIN qualifies for repair under this action. ELSA is the only valid campaign inquiry & verification source.*

- Repair:**
- REPAIR AVAILABLE – July 15, 2025
 - See ELSA and Service References in Elsa2Go for complete repair & claiming instructions.
 - Check daily campaign open inventory report or OMD for affected vehicles in inventory.
 - Repair every affected inventory vehicle before delivery to consumers.

Parts Department: See UPDATE technical bulletin for required materials.

Notes: Dealers must ensure that every affected vehicle gets the update before delivery to consumers. Your effort is integral in reaching the highest quality expectations of Audi customers.

- Updates differ from recalls and service actions; consumers are notified in writing of recalls and service actions. Therefore, consistent with general policy governing Updates, customers will not be receiving letters about this action.
- Each vehicle coming into your workshop (for maintenance or any other service visit) that shows this Update code open in ELSA on the day of repair should have the work completed.
- Affected vehicles in dealer inventory **cannot be delivered** to consumers until this Update is completed.
- To identify any vehicles in your inventory that are affected by this Update, please run the “New and CPO Inventory Open Campaign/Action Listing” report from the OMD Web system
