Correction

There are Police and Municipal Specification Guides that include the standard equipment, the available Regular Production Options (RPOs), and descriptions of the optional special equipment. They also include schematics for the optional wiring provisions.

The Police and municipal Specification Guides can be found on the GM Upfitter Website at <http://www.gmupfitter.com/> under the "Body Builder Manuals" tab, "Light Duty Vehicles" selection, "Model Year Vehicle" information is needed for, "Police, Specialty and Accessibility Vehicles", and then select desired vehicle.
