BlueCruise Toggles and Walk-Away Lock

"This software update contains the following key changes:

- Your vehicle's center touch screen now has new on/off toggles that let you set Predictive Speed Assist, BlueCruise In-Lane Repositioning, and BlueCruise Lane Change Assist.
- Provides a fix to audio issues when using Apple CarPlay or Android Auto.
- Introduces the Walk-Away Lock feature on vehicles equipped with Keyless Entry, giving you a new way to secure your doors. To enable the Walk-Away Lock feature, go to the Locking menu within Vehicle Settings on your vehicle's center touch screen.
