

Updated August 6, 2025 – See update below on coverage for Powertrain Limited Warranty Extension for up to 7 years or 84,000 miles whichever comes first.

Valve Stem Seals Class Action Settlement Program for Excessive Oil Consumption and Oil Consumption Powertrain Warranty Extension Special Service Program SSPD5

WARRANTY EXTENSION

If you have any questions regarding this campaign, please read the Mazda Dealer FAQ's available in MGSS under this campaign before contacting Dealer Recall Help.

Effective October 15, 2024: In the final settlement agreement which was approved by the Court in October 2024, there is also coverage for Valve Stem Seal related repairs only an additional 1 year and 12,000 miles however, this coverage only applies if the vehicle is presented to a Mazda dealer by October 15, 2025 and has no more than 96,000 miles. After October 25, 2025 all coverage under SSPD5 will revert back to the original extension limit of 7 years, 84,000 miles. The Powertrain Limited Warranty Extension is limited to 7 years, 84,000 miles.

Update August 2025: The Court has clarified that under the settlement agreement, the Mazda Powertrain Limited Warranty Extension includes coverage for 7 years or 84,000 miles, whichever comes first, for all powertrain components in the Warranty Booklet under the Powertrain Limited Warranty Parts List (i.e. without restriction to engine issues, oil consumption or valve stem seal issues). Reimbursement will also be provided for any Class Member who was denied coverage and paid out-of-pocket for a qualifying Powertrain Limited Warranty repair during the applicable period.

If the vehicle is under Powertrain Warranty, please submit the claim following normal Warranty guidelines (with NO process number).

If the vehicle is over 5 years or 60,000 miles,

- **For valve seal related repairs, use Warranty Claim information for SSPD5 (With process number)**
- **For other than valve seal related repairs, submit claims according to normal claim procedure for repair under Mazda Limited Powertrain Warranty (with NO process number)**

Prior repair reimbursement: Customers who received a class action notice can apply for reimbursement at www.MazdaValveStemSealSettlement.com for certain out of pocket expenses related to prior oil changes and additional oil purchased before the normal oil change interval due to oil consumption concerns.

Or customers can call toll-free at 1-877-231-0642, mail to Mazda Valve Stem Seal Settlement, c/o JND Legal Administration, PO Box 91414, Seattle, WA 98111, or email info@MazdaValveStemSealSettlement.com to see if their vehicle is eligible.

RENTAL CAR INFORMATION

Rental expenses exceeding the two-day limit or over the per day limit set by Mazda Warranty policy will require prior Warranty Department authorization prior to giving the rental to the customer regardless of the reason. Please refer to the Mazda Rental Car Reimbursement Program policy in the Mazda Warranty Policies and Procedures Manual.

Mazda recommends the usage of the MCVP loaner vehicle when available. If all MCVP loaner vehicles are in use and unavailable, and the customer needs a rental car, then use your local rental facility and offer a rental car. Be sure that every effort is made to repair the car within one business day or less, so the next customer can receive the same experience.
