-

1. Overview

Through continuous product quality monitoring, McLaren Automotive has identified an opportunity to enhance the front lower wishbone clevis design strategy on McLaren Senna GTR vehicles. The enhancement activity outlined below will include the addition of a newly released dowel ring and updated studs for the front lower wishbone clevis.

Image 1: Overview of the work area

2. Parts Information

The below parts are required to action the front lower wishbone clevis enhancement work. All parts below are available to order as normal via Unidial 2.

EMEA – mclarencustomerservice@unipart.com

APACHI – mclarencustomerserviceap@unipart.com

AMERICAS – mclarencustomerservicena@unipart.com

To support timely completion of Campaigns, please plan your parts ordering in line with your impacted Vehicle Parc.

Sufficient inventory in your facility to complete your vehicle Campaigns will build customer trust and promotes customer satisfaction. In turn, we are doing everything possible to best support you with the right stock in our central facilities so we can ship your orders quickly.

3. Procedure

To perform the required work for the front wishbone clevis enhancement, please follow the McLaren Service Portal (MSP) D052133 'Senna GTR Front Clevis Dowel and Stud' work instruction.

4. Warranty Information

Submit a claim to the McLaren Warranty department following completion of the work, using the following details.

Description	Repair Time
McLaren Senna GTR Front Wishbone Clevis Enhancement Work	2.80hrs total for both sides

Care Point: Both LH & RH front lower wishbone clevis' must be completed as part of this Service Campaign.

5. Affected Vehicles

Affected vehicles will be flagged in the Retailer Portal when next opening a Workshop Visit related to the vehicle. Your Regional Aftersales Manager will also contact you with a VIN list of affected vehicles.

If you have any questions, please speak to your Regional Aftersales Manager.
