Software Update for Plug and Charge Enhancement

EV6 | September 17 2025

This Over-the-Air (OTA) software update is designed to update the Vehicle Charging Management System (VCMS) and Central Communication Unit (CCU) logic of certain 2025 EV6 vehicles. This update is designed to enable your vehicle to be Plug & Charge ready. Plug & Charge allows you to charge at compatible public charging stations without opening a mobile application or pulling out a credit card. Simply, drive up and plug in to start your charging session. Check the Kia Owner's site for information about compatible charging stations. Plug & Charge requires enrollment in Kia Charge Pass. For more information about Plug & Charge, its benefits, and availability, please refer to the Kia Owner's website.

1.	Vehicle Models	2025 EV6 (produced between 09/09/2024 – 09/04/2025)
2.	Time Required	OTA Update (in-vehicle): 6 minutes approx. Once this software is downloaded by the vehicle, and the vehicle is powered off, a pop-up will be displayed on the infotainment screen.

Additional information: This OTA will be rolled-out to all eligible EV6 vehicles with an active Kia Connect account.

If you have any questions, please contact the Kia Connect Call Center (844) 886-9411.

Reference Technical Service Bulletin ELE396.
