

STAR ONLINE PUBLICATION

Case Number: S2524000010

Release Date: September 2025

Symptom/Vehicle Issue: Customer Indicates Air Conditioning Blows Warm.

Complaint/Technician Observation: Customer complaint of AC blows warm. After a thorough inspection of the vehicle there are no DTC's or AC component issues found. All diagnostics are showing inconclusive.

This concern is being investigated by engineering currently. If you have a vehicle that exhibits these characteristics create a STAR case and ask to have it escalated for review.

This document does not authorize warranty repairs. This communication documents a record of past experiences. STAR Online does not provide any conclusions about what is wrong with the vehicle. Rather, it captures all previous cases known that appear to be similar or related to the vehicle symptom / condition. You are the expert, and you are responsible for deciding on the appropriate course of action.

Contact STAR Center, or your Technical Assistance Center Via TechConnect, eCONTACT or Service Library entry if no solution is found.
