THERMO KING

Parts Bulletin

PB1779

Date: September 22, 2025

Subject: Fitting Cap Color Changes - 667180, 667183, 668086, 667182

Location: e-Tech Library

Units: All Bus

Description: Four parts are involved because they correspond to blue and red caps, which will no longer be available due to the supplier discontinuing their production. We will be transitioning to black caps over time and will retain the same part number, resulting in a mixed inventory. The new black caps are fully compatible with all existing products and will not impact on the performance or functionality of your equipment.
