Dear (Name):

This letter is to inform you that the warranty period on your vehicle's Aisin K1 Clutch/ Input Shaft Assembly has been extended to 10 years / 150,000 miles. This warranty extension on the Aisin K1 Clutch/ Input Shaft Assembly applies to certain [2022 RAM Truck] vehicles. Our records show that you either own or lease one of the vehicles affected by this warranty extension.

We are extending the warranty period on the Aisin K1 Clutch/ Input Shaft Assembly because some of the vehicles within the above referenced population may experience the transmission not shifting into or out of 1st - 4th gears. 5th and reverse gears are still available. If you are experiencing one of these conditions now, or if you experience them in the future, simply contact your dealer to have the appropriate repairs performed. **Conversely, if you do not experience one of these conditions, then your Aisin K1 Clutch/ Input Shaft Assembly is operating correctly and no repair is necessary.**

If you have already experienced one of these conditions and previously paid for a repair, you may be eligible to receive a reimbursement. Visit www.fcarecallreimbursement.com to submit an online reimbursement request.
