

DT65 Boom Tip Assembly Upgrade

Units Affected: Certain DT65 derricks built from March 2020 to May 2022. Verify your unit is affected by reviewing the attached list or accessing Altec Connect.

Background: Altec has developed a new boom tip assembly with polymer guards that reduces the potential for premature winch line wear on affected units.

Customer Action: At your cost, you can order and install the DT65 Boom Tip Assembly Kit, part number 991949020. Installation of this kit could reduce premature wear on the winch line.

Ask your service provider to check for any outstanding notices at your next appointment.

Requirements: Installation of the boom tip assembly, if purchased, is estimated to take 3 hours and one person to complete.

No Warranty: This notice is informational only. There is no warranty associated with this notice. No further action is needed to document completion of this notice.
