

# Service Bulletin

Bulletin No.: PIP6089

Date: October, 2025

## PRELIMINARY INFORMATION

**Subject: 5.5L RPO LT6 LT7 TAC Engine Restriction**

Brand:	Model:	Model Year:		VIN:		Engine:	Transmission:
		from	to	from	to		
Chevrolet	Corvette Z06	2023-2026		ALL	ALL	5.5L LT6	ALL
Chevrolet	Corvette ZR1	2025-2026		ALL	ALL	5.5L LT7	ALL

<b>Involved Region or Country</b>	North America
<b>Condition</b>	As part of our ongoing continuous improvement we have placed the engine used in the 2023-2026 Chevrolet Corvette (Z06 and ZR1) on restriction. Please fill out the questions below and contact TAC. Please have the engine part number available prior to contacting TAC.
<b>Cause</b>	Possible Engine Failure

### Correction

Brand Quality has placed the following part numbers for the 2023-2026 engines on a Technical Assistance Center part restriction.

Part number 12731949, 12739909 - RPO LT6

Part number 12716295 - RPO LT7

Also please record the engine EUN number and provide to TAC. This number can be found in the center of the front cover.

Prior to contacting TAC, please be prepared to answer the following questions as to why engine replacement is needed:

Is the engine seized?

Is the engine making noise (if so, please provide sound files)?

Is there excessive metal in the engine oil (if so, please provide photos)?

Is there an engine oil or coolant leak (if so, please provide photos)?

Are there any DTCs set (if so, please provide to TAC consultant)?

Is the engine being replaced for a reason not listed above (if so, please be prepared to explain)?

If following any specific SI documents, PIs or Bulletins, please have them ready for review with the TAC consultant.

<b>Version</b>	1
<b>Modified</b>	10/07/2025 - Created on.

GM bulletins are intended for use by professional technicians, NOT a "do-it-yourselfer". They are written to inform these technicians of conditions that may occur on some vehicles, or to provide information that could assist in the proper service of a vehicle. Properly trained technicians have the equipment, tools, safety instructions, and know-how to do a job properly and safely. If a condition is described, **DO NOT** assume that the bulletin applies to your vehicle, or that your vehicle will have that condition. See your GM dealer for information on whether your vehicle may benefit from the information.
