Part Number: 68672965A\$, 68672995A\$, 68672997A\$

Part Description: PEDAL ASSY - ACCELERATOR & BRA

Issue Description: Dealerships are replacing entire brake pedal assemblies to resolve accelerator pedal concerns. SBOM provides the accelerator as a separately serviceable assembly. Tech Tip Message Requested:
"For your awareness, if replacement of the accelerator pedal is necessary, it can be ordered individually rather than as part of the complete pedal assembly. This helps prevent unnecessary repairs and potential chargebacks."
