

## IMPORTANT SERVICE CAMPAIGN

### 2.5T-GDI Engine Replacement for Coolant Seepage

#### **This is an important Manufacturer's Service Campaign.**

- Please contact your nearest Hyundai dealer to schedule this procedure.
- The service campaign will be performed on your vehicle at **NO CHARGE** to you.
- Having this repair procedure performed will help ensure your vehicle's full protection under the emissions warranty.
- Failure to have this service performed could cause your vehicle to fail an emissions inspection (SMOG check) when required under state law. It could also be considered a lack of proper maintenance.
- To locate your nearest Hyundai dealer and schedule your appointment, please call or visit:

This notice applies to your 2025 Hyundai [Model] vehicle, VIN: XXXXXXXXXXXXXXXXXXXX

Dear <FirstName LastName,>

The California Air Resources Board has determined that **certain 2025 model year Santa Fe and 2025 model year Santa Cruz vehicles** may be releasing air pollutants which exceed Federal and California standards. These standards were established to protect your health and welfare from the dangers of air pollution. Hyundai is conducting a service campaign to replace the engine sub-assembly on affected vehicles. Our records indicate that your vehicle, with the VIN listed above, is affected by this campaign.

#### **What is the problem?**

Hyundai has become aware that some vehicles equipped with the 2.5 Turbo-GDI Theta III engine may exhibit coolant seepage on the back side (exhaust side) of the engine caused by a crack in the cylinder block.

#### **What will Hyundai do?**

Hyundai will replace the engine sub-assembly. This procedure will be performed at **NO CHARGE** to you.

#### **What should you do?**

**Please contact your nearest Hyundai dealer to schedule the service campaign.**

The actual time required to perform this procedure on your vehicle will take approximately 8 hours, however, your vehicle may be needed longer. To schedule an appointment with your preferred Hyundai dealer, please call **1-855-371-9460** or visit:

1. Visit [www.hyundaiusa.com/campaignhome](http://www.hyundaiusa.com/campaignhome)
2. Enter your 17-digit Vehicle Identification Number ("VIN") from the top of this letter and click the "Search" button.
3. Click "Schedule Appointment," enter your zip code in the Dealership Locator tool, click the "Find a Dealer" button, and follow the onscreen prompts to schedule your service appointment.

#### **Are you a California registered owner?**

The California Air Resources Board requires **that emissions related campaigns such as this, be completed prior to annual vehicle registration renewal**. Without repair, you may not be able to complete your vehicle registration and obtain a license tag. Once this repair has been completed, your Hyundai dealer will provide a "Proof of Correction Certificate." The California Department of Motor vehicles (DMV) may request this Proof of Correction Certificate during your next vehicle registration. This certificate should be kept with your vehicle records thereafter.

#### **Are you a registered owner in Colorado, Connecticut, Delaware, Maine, Maryland, Massachusetts, New Jersey, New York, Oregon, Pennsylvania, Rhode Island, Vermont, or Washington?**

Because your state has adopted the California emissions regulation, your Hyundai dealer will also provide a "Proof of Correction Certificate" once this repair has been completed. Your state's Department of Motor Vehicles, Department of Transportation, Motor Vehicle Administration, Motor Vehicle Commission or Department of Licensing may request this Proof of Correction Certificate during your next vehicle registration. This certificate should be kept with your vehicle records thereafter.

#### **Additional information**

If you have any questions or require further assistance, you may contact the Hyundai Customer Care Center at **1-855-371-9460**. To better assist you during your call, please use the last 8 characters of your VIN (the **bold** characters in the VIN at the top of this letter).

Thank you for your attention to this important service procedure. We encourage you to take action promptly and sincerely apologize for any inconvenience this may have caused.
