

2025 MY F-150

Accessory Protocol Interface Module - SYNC

SYNC-25.2.4.9

Software Update 11 - Center Touch Screen

Accessory Protocol Interface Module

"Modem activation and available Premium Connectivity are required to use Stingray Karaoke app. For more details go to the Connected Services tile in the FordPass app. To view your past software updates, or if you've had multiple updates completed recently, visit: <http://www.ford.com/support/software-update-release-notes-history>"

1

SYNC-25.2.4.9

"This software update contains the following key changes:

- The Start Inhibit remote lockdown feature is now available to Ford Security Package customers. Go to the Ford Security Package Support Page to learn how to use Start Inhibit.
- Make memories on your next road trip or tailgating event with the Stingray Karaoke app. While parked, the lyrics will be displayed on the center touch screen. As you drive, passengers can scan the QR Code from the center touch screen and sing along by viewing the lyrics on their phone. The app is available in the Apps drawer.
- SiriusXM logos are updated on your center touch screen."
