

Plant Torque Quality

Problem Description

- Currently working to scope this field concern. Plant Torque Quality is too broad of a statement to properly implement corrective actions

Affected Models

- ALL

Root Cause

- TBD

Containment

- TBD

Containment Date

- TBD

Countermeasure

- TBD

Countermeasure Date

- TBD

Important Notes

Current actions, will break most common torque concerns into plant processes. Working with corp. ME to define what fasteners are torque controlled this will be shared with the field once complete.
