

November 10, 2025

## **ATTENTION: ALL DEALER PRINCIPALS**

Kia America, Inc. is conducting a Voluntary Service Campaign on 11 units of 2025 MY Sorento vehicles manufactured from December 18, 2024 through February 24, 2025 to replace the engine with a new one.

Due to a manufacturing error, the engine block in the subject vehicles may have a fracture, which can result in a coolant leak. Over time, continuing to operate the vehicle with this condition may result in an 'Engine Overheated' warning message displayed on the instrument cluster and cause damage to the vehicle's engine.

Dealers will replace the engine with a new one. This campaign will be performed free of charge at no cost to the customer.

Your Service Manager was sent a copy of the owner notification letter and a Q&A Guide, both of which describe the issue and information on how to access the list of affected vehicles. Kia will start mailing notices to the affected vehicle owners beginning on **November 12, 2025**.

### **What Should You Do?**

Please make personnel in your dealership familiar with the details of this Voluntary Service Campaign so they may respond to customer inquiries and requests appropriately.

**LEGAL PRIVACY LIABILITY NOTICE:** Pursuant to the terms of the Dealer Sales and Service Agreement and the Gramm-Leach-Bliley federal consumer privacy act, you are required to keep confidential any and all information and documents provided to you by Kia America, Inc. or generated by you in the conduct of carrying out work under that Agreement regarding Kia vehicle purchasers and owners, including but not limited to warranty claim information. Kia dealers may use such owner information for the sole purpose of conducting and performing this voluntary service campaign, and for no other purpose.

If you have any questions, please contact your Kia District Parts & Service Manager.

Sincerely,

Kia Service Department
