- Outlander Scuff Plates
- Black Outlander Hood Emblem

ENGINE AND PERFORMANCE

The MY26 Outlander replaces the 2.5L 4-cylinder engine with a 1.5L Turbo charged mild-hybrid system (MHEV). It is paired with a 48V BSG (Belt Starter Generator) battery that stores energy recovered during braking and deceleration and allows for Auto Start-Stop feature. Energy is also captured and stored when slowing down without applying the brake i.e. coasting downhill.

- Black Door Handle Covers
- Black Front and Rear Skid Plates
- Gloss Black B and C pillars
- Black Headliner and A pillars
- Black Exterior badging

INTERIOR

Heated Steering Wheel and Drive Mode Selector

The available heated steering wheel has increased telescopic range and adjusts easily to any driver.

The Drive Mode Selector allows you to switch between eco, normal, tarmac, gravel, snow and mud modes.

12.3 inch full digital driver display enhances usability and allows intuitive understanding of the vehicle status. The design has been improved to create a meter with a high quality and a sense of luxury.

Key features:

- Enhanced visibility with TFT color LCD
- High-resolution display with smooth animations
- Enriched display content
- Meter display control using steering wheel controls
- Driver friendly support display with headlight and wiper operation guidance
- Customizable display
- Audio and navigation map display

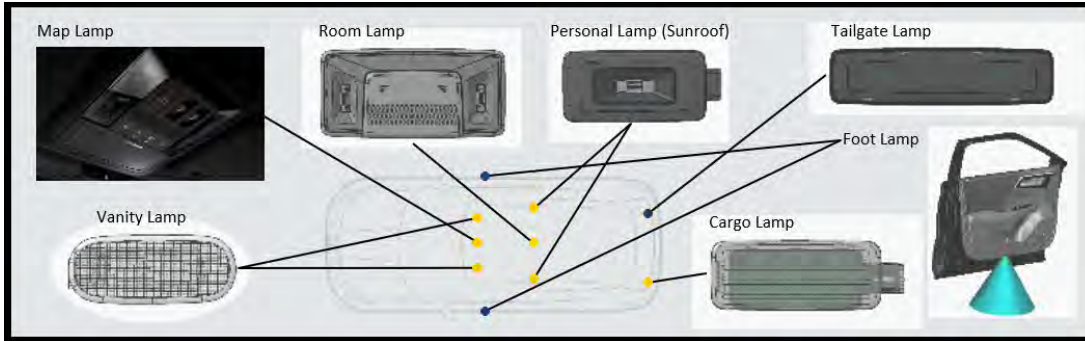

Digital Rearview Mirror with HomeLink®

Exclusively available on SEL Premium and Black Edition trims, 26MY Outlander includes a frameless design for the digital rearview mirror. The video from the camera installed at the rear of the vehicle is displayed on the rear-view camera. You can turn the camera image on/off by moving the lever located in the center of the mirror forward and backward.

Interior Lamps / Illumination

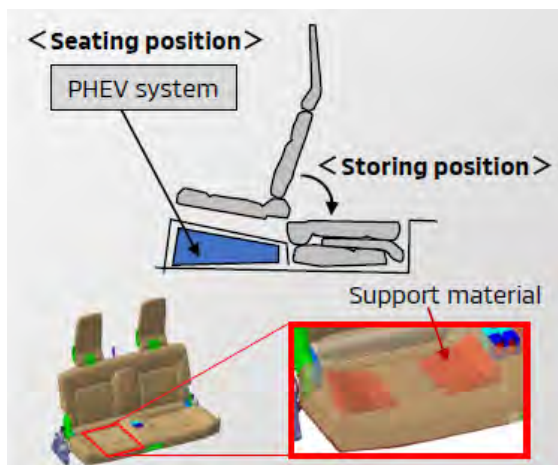

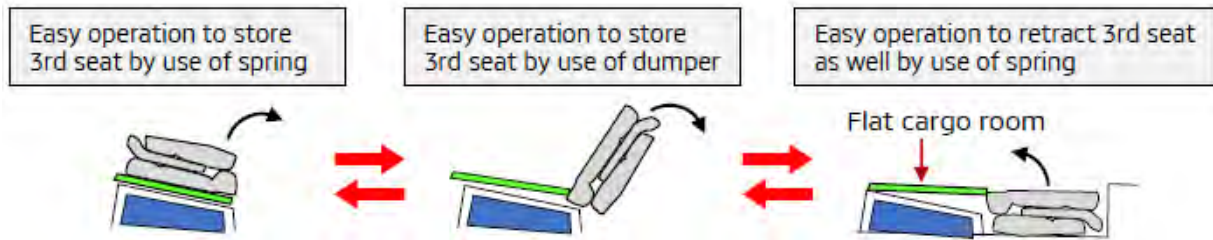

All interior lamps have been upgraded to LED. The map lamp, room lamp, and personal lamp can be turned on and off with a capacitive switch. With the operation of the main switch and individual lamp switches, the lights now gradually turn on and off. A foot lamp has been added to provide ground illumination when getting in and out of the car at night (not standard).

Seating

The 3rd row seat is updated for MY26 Outlander and improves seat comfort, storage and easier operation.

- Added seat material in the cushion for decreased pressure and increased comfort
- Lay flat seat storage that no longer requires removal of headrests and cargo room board
- Storing the 3rd row seats is easier by operating the support spring and dumper

Ventilated Front Seats

Front seat comfort includes a 3-level adjustable ventilation feature to the semi-aniline leather / leather seats (SEL, SEL Premium and Black Edition only). Driver and passenger may adjust separately to meet individual needs.

Note: system pulls air from HVAC ducts.

Black Edition - Seating

The New Black Edition features a black version of our premium interior with semi aniline leather seating surfaces and quilting pattern.

YAMAHA® Ultimate Audio

Two unique audio experiences with premium and lively sound that feels firmly grounded and full of energy.

Premium

- Optimized by Yamaha's Sound Meisters with focus on reproducing passion of artists and authentic sound.
- Optimized for Outlander's cabin and its acoustics.
- To improve sound performance, MMC engineers installed materials to cover inner door panel service holes. This reduces unwanted sounds and increases bass.
- Furthermore, engineers added damping sheets and stiffening materials to suppress rattles.
- Speed Compensated Volume
- Total speaker count: **8**
 - Includes 4 tweeters, two 6x9 front woofers (custom design) and two 160mm rear door woofers (equipped with two coaxial tweeters)

Ultimate*

- All features and optimizations found in Premium system **PLUS**.
- Uniquely equipped with woofers and midrange speakers based on Yamaha's flagship NS-5000 speakers and utilizes ZYLON diaphragms.
 - NS-5000 Hi-Fi speakers retail at **\$15,000**.
- Total speaker count: **12**
 - Includes four 25mm independent tweeters, three 90mm midrange squawkers, two 6x9 front woofers (custom design), two 160mm rear door woofers, and one 200mm sub woofer.
- Equipped with dual amplifiers and total output of 1650W
 - Powered by Yamaha "Cinema DSP" algorithm and creates Spacious Sound 3D surround sound.
 - One amp exclusively powers front woofers and rear sub woofer (880W).
- Exclusively equipped with premium speaker grilles based on traditional Japanese geometric patterns - expressing **sophistication and Omotenashi**.
- Selectable listening positions (Driver, Passenger, Front, Rear, All)
- Speed Compensated Volume, Rain Compensated Volume, HVAC Compensated Volume
 - Adjusts EQ and frequencies based on speed, wiper speed, and HVAC speed.
 - Manually selectable levels for various road conditions.

*Featured on SE Tech Pkg, Black Edition & SEL Premium Pkg

12.3 inch Smartphone-link Display Audio

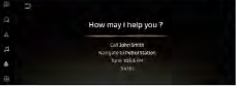

Standard on all trims, the 12.3 inch Smartphone-link Display Audio with Navigation ensures all passengers enjoy a comfortable drive with its diverse content offerings.

12.3-inch Smartphone-link Display Audio with Navigation

Note: SDA image is of another market specification.

1. 12.3-inch large infotainment display
- High-resolution display "HD:1280x720" with touch panel
2. Wireless Apple CarPlay and Wireless Android Auto for easy device connectivity
3. Wake-up word "Hello Mitsubishi," allowing you to command tasks with just your voice.

Key features

1. Large display size
2. Wireless Apple CarPlay and Wireless Android Auto
3. Voice command with wake-up word
4. Google function
