VOLUNTARY SERVICE CAMPAIGN

December 19, 2025

Dear Kia Niro, Niro Plug-in Hybrid (PHEV), and Niro EV Vehicle Owner:

Kia America, Inc. is conducting a Voluntary Service Campaign on certain 2025 MY Niro, Niro Plug-in Hybrid, and Niro EV vehicles to inspect and, if necessary, recover and charge the air conditioner refrigerant. Our records indicate that you own or lease one of the potentially affected vehicles.

Why is Kia Conducting This Service Campaign?

The Heating, Ventilation, and Air Conditioning (HVAC) system uses cooling and heating to help maintain a pleasant environment inside the vehicle. Your vehicle may have been produced with the incorrect amount of refrigerant during the in-line manufacturing process. As a result, the HVAC system may provide insufficient cooling in the cabin when you are operating your vehicle.

What Will Kia Do?

Kia dealers will inspect and, if necessary, recover and charge the refrigerant to ensure proper cooling performance of the air conditioner. This campaign will be performed **free of charge at no cost to you**.

What Should You Do?

- Please contact your Kia dealer to schedule a service appointment at your earliest convenience. The time required to perform the campaign can vary depending on the dealer's work schedule, so a service appointment is an important way of minimizing your inconvenience. Please present this notice when you arrive at the Kia dealer.
- To find your nearest dealer, visit www.kia.com and click the "Find Dealer" button in the upper right corner ("Dealers" on a mobile device). You can also use the QR code below with your mobile device to access this information (*see the bottom of this letter for more information about QR code use*):

Please accept our apologies for any inconvenience this situation may cause you.

Sincerely,
