Battery Electric Vehicle (BEV) - Energy Efficiency Message Missing from 3rd Party ELD

Published 18 December 2025

Valid For

Volvo Chassis - VNRE

Model Year - 2022 to current

The purpose of this CBR is to address reports that 3rd party ELD provides are not receiving energy efficiency message.

Solution

To resolve reports that 3rd-party ELD providers are not receiving/displaying energy-efficiency messages/data, a new software package is available to address this issue. Please ensure all ECUs on the vehicle are at the latest and greatest software using PTT or Workshop Toolbox.
