

[📄 25-01-090G - CCP Software Update \(Limited Coverage Camp L05G\) \(posted 12.15.25\).pdf](#)

Hello,

Genesis Motor America has launched Limited Coverage Campaign L05G Launch: CCP Software Update!

A. Affected Vehicles:

Certain 2025MY G80 (RG3) produced from 06/03/2024 – 09/10/2024

Certain 2025MY GV80 (JX1) produced from 03/05/2024 – 08/26/2024

VIN Identification: Use the 'Vehicle Information' screen in WebDCS to verify "Warranty Start Date" and ensure the vehicle is within New Vehicle Limited Warranty (NVLW), observing mileage prior to any repair work.

B. Campaign Description:

Certain G80 (RG3) and GV80 (JX1) vehicles may exhibit battery drain due to the Central Control Panel (CCP) not entering sleep mode. This occurs when a communication error causes the touch-module control IC and MCU to repeatedly reinitialize, preventing the system from entering sleep mode.

Technical Service Bulletin (TSB) 25-01-090G provides instructions to perform the software update for the CCP.

C. Campaign Documents:

1. TSB 25-01-090G

A. Available on GenesisdealerUSA.com > Service > GMA Tech Info > Campaign

D. Action Required:

1. Confirm VIN eligibility for campaign via WebDCS. See "VIN Identification" note in part A.

2. **Follow TSB 25-01-090G** to perform the service procedure for the software update.

3. **Submit campaign claim** once the service procedure is completed.

We appreciate your continued partnership and commitment to our Genesis guests. Thank you for your patience and understanding.

Warranty Campaign Team
