Parts for Stop Delivery vehicles have been auto-allocated by PCNA. PLEASE DO NOT ORDER PARTS.

## WST9 Stop Delivery - Retrofitting heat protection on coolant line

### Vehicle Blocking

Vehicles must not be delivered to customers until the required remedial measure has been carried out. Therefore, please carry out following Stop Delivery, immediately.

The vehicles may only be driven for loading and unloading purposes in the transport chain. Any further use is not permitted. Test drives are to be omitted.

ID Number	WST9
Model	Panamera E-Hybrid (YAA/ YAB)
Model Year(s)	2026
Number of Affected vehicles	13
VIN List	Attached below
Issue Overview	<p>The affected vehicles may have been fitted with inadequate heat protection on the water pipe above the exhaust system.</p> <p>If this is the case, in the worst-case scenario, this can lead to deformation and, as a result, to a leak in the water pipe.</p> <p>To prevent this, additional heat insulation must be retrofitted to the affected vehicles before delivery to the customer.</p>
