

SMS sent to customers December 19, 2025 alerting of OTA being available

Our latest vehicle software update 2025.46 is now available to install.

In addition to bringing new features, this update resolves an issue you may have experienced when charging at home or with Level 2 chargers in very cold temperatures.

Please install the update at your earliest convenience by initiating in your Rivian app or on your vehicle's center display.

Complimentary DC Fast Charging will end Monday, Dec 22 at 9a.m. PST/ 12p.m. EST.
