Background

American Honda Motor Co., Inc. (AHM) is searching for certain 2023-2025 Accords, 2022-2025 Civics & Odysseys with a customer complaint of a detached or loose rearview mirror bracket/slug from the windshield. Failure between the mount spring and bracket will not be accepted. To better understand the cause of this condition, AHM would like to collect specific parts from the vehicle prior to you attempting a repair of any kind.

Qualifiers

AHM is interested ONLY if the vehicle meets the following requirements:

1. For all models, the manufactured date on the driver's door jamb must be AFTER 12/2022.
2. Rearview mirror **BRACKET/SLUG** MUST be detached or loose from the windshield, remove the housing to confirm (capture 1 photo of the detached/loose rearview mirror condition).
3. TIS will NOT accept a vehicle with a **BRACKET/SLUG** still attached to the windshield. (click [HERE](#) example photo of a NOT acceptable condition).
4. Cracks & chips on the windshield are accepted as long as the rearview mirror bracket is detached/loose.
5. Previous replacement of the windshield is accepted if Honda genuine part is used.
6. Vehicle has not been in a collision.
7. No repair has been attempted for this issue during the current visit.

Action Required

If a vehicle matching the qualifiers above comes into your dealership, please e-mail Technical Information & Support (TIS) at tis@ahm.honda.com or call us at 800-880-1072 (Monday-Friday, 7am-5pm PST). TIS will need to record certain vehicle information and provide you with further instructions.

1. Model Year (e.g. 2026)
2. Model Name (e.g. Accord)
