

# Service Bulletin

Bulletin No.: PIT6475

Date: January, 2026

## PRELIMINARY INFORMATION

**Subject: Unable to learn NFC Key card to 2024-2025 Silverado EV/Sierra EV**

Brand:	Model:	Model Year:		VIN:		Engine:	Transmission:
		from	to	from	to		
Chevrolet	Silverado EV	2024-2025		ALL	ALL	ALL	ALL
GMC	Sierra Denali EV	2024-2025		ALL	ALL	ALL	ALL

<b>Involved Region or Country</b>	North America
<b>Additional Options (RPO)</b>	BOY
<b>Condition</b>	Some Technicians may state that they are unable to learn an NFC key card to the vehicle because they see that the vehicle is equipped with Near Field Communication hardware.
<b>Cause</b>	For the 2024–2025 Silverado EV and Sierra EV equipped with near field communication hardware, the vehicle was not offered a key card from production. RPO BOY indicates that the vehicle is equipped with near field communication hardware. However, for these two model years, the NFC key card option is not offered at production and is unable to be added.

### Correction

Please do not replace any modules or acquire any NFC key cards as they will not learn to the vehicle and this is design Intent.
